# MASTER PATH

## YOUR PATHWAY TO INDUSTRY-READY TECH CAREERS

At Master Path, we prepare graduates and working professionals to become industry-ready through practical, project-based internship training and placement support in high-demand technologies.

Our mission is to bridge the gap between education and employment by providing hands-on learning, real-world projects, and career guidance in fields like Data Analytics, Data Science, Full Stack Development, Embedded Systems, and more.

Whether you are a fresher seeking your first job or a professional looking to upskill, Master Path helps you gain the skills, confidence, and practical exposure needed to secure internship opportunities and placements in top companies.

# SAP – FICO

## WHAT is SAP – FICO?

SAP FICO stands for SAP Financial Accounting (FI) and SAP Controlling (CO). It is a core module in SAP ERP that helps companies manage their financial transactions, accounting, and internal cost reporting in a centralized system.

- FI = Financial Accounting
- CO = Controlling

## What Does SAP FICO Do?

### SAP FI (Financial Accounting)

- General Ledger
- Accounts Payable
- Accounts Receivable
- Asset Accounting
- Controlling
- GST Configuration

### SAP CO (Controlling)

- Cost Center Accounting
- Profit Center Accounting
- Internal Orders
- Product Costing
- Profitability Analysis (COPA)

# Your Career Path:

## SAP – FICO Module

### Value Additions
